

MINZE HEALTH'S PARTNERS

Interreg Crosscare

Minze is supported by Interreg's Crosscare program. In the CrossCare project, Minze Health works together with the testing grounds LiCalab (Belgium) and LifeLabs (Slimmer Leven) in the Netherlands.

Together with Minze, LiCalab and Lifelabs Crosscare facilitate the access to urologists and hospitals and organize co-creation sessions to measure the concept and process and to map the wishes, requirements and added value of patients and healthcare professionals (urologists, nephrologists, senior nurses, pelvic floor specialists, paediatricians). LiCalab and Lifelabs also facilitate the organization of the life tests of 30 people in their home environment.

Imec.istart

Minze is part of the iStart program of Imec. Imec is the world-leading R&D and innovation hub in **nanoelectronics** and **digital technologies**.

Imec.istart is imec's Business Incubation Program set up to support tech start-ups with coaching, facilities and funding. As a University Business Accelerator, the Imec.istart program has been recognized as one of the world's best by UBI Global.
